

Put bar code readers in the hands of your clinicians, while conserving your cash!

Acquiring bar code readers for patient safety is the foundation for delivering the very best in healthcare. From the receiving areas of hospital pharmacies to a patient bedside, the use of bar code readers to instantly read bar codes in the healthcare environment provides automated decision support that saves time and prevents serious errors. **Making the clinical decision to use Code bar code readers is easy... now how should you finance them?**

Code Corporation works with **Winthrop Resources Corporation** to offer hospitals fiscal flexibility when implementing Code bar code readers. Winthrop's leasing options allow hospitals to integrate this critical component to patient safety without significantly affecting a hospital's cash flow.

Benefits of leasing Code bar code readers:

- Minimal Cash Outlay
- Overcome Budgetary Limitations
- Flexibility in Terms
- Conservation of Capital
- Tax Benefits
- Up to 100% Financing
