## FIRST IN HEALTHCARE

Code is chosen by more facilities than any other scanning solution. With many customization options, Code scanning is ideal for many healthcare workflows:

- POC
- Admin
- Labs
- Pharma
- Supply Management

## MOBILE TRAILBLAZING

Code's soft-scanning solution CortexDecoder<sup>®</sup> started the EHR integration revolution and continues to lead mobile innovation. Your scanning solution can work seamlessly with your favorite EHR.

## WORK FASTER & SAFER

- Easily read any barcode used in healthcare with near-zero-miss accuracy
- IP65 rating for demanding environments
- Easily-swappable battery

- Enterprise-grade soft-scanning mobile app integration
- Epic, Cerner, Meditech, and Allscripts certified
- Custom configurations available
- CodeShield<sup>®</sup> disinfectant-ready plastics accommodate the strictest infection control protocols to protect your staff and patients

## Ready to Keep Your Patients and Staff Safe
